

THE table shows each primary school, listed alphabetically within its Local Authority area.

After the name, the table lists:

- The number of pupils on roll eligible for assessment in National Curriculum Key Stage 2 tests this year
- The percentage of pupils achieving Level 4 - the expected level for the age group - or above in the reading test
- The percentage of pupils who have made two or more levels of progress in reading between the ages of seven and 11
- The percentage of pupils achieving Level 4 - the expected level for the age group - or above in writing (this is assessed by teachers)
- The percentage of pupils who have made two or more levels of progress in writing between the ages of seven and 11
- The percentage of pupils achieving Level 4 - the expected level for the age group - or above in the maths test
- The percentage of pupils who have made two or more levels of progress in maths between the ages of seven and 11
- The percentage of pupils achieving Level 4 or above in both the reading and maths tests and in writing
- The school's average points score. Pupils sitting the National Curriculum tests are given a set number of points for the level they achieve. Level 2 or below is worth 15 points, Level 3 is worth 21 points, Level 4 is worth 27 points, Level 5 is worth 33 points, Level 6 is worth 39 points.
- A pupil's average points score is calculated on their reading, writing and maths results and these are then used to calculate the school's average points score.
- The ranking within its own Local Authority which each school achieves, according to the percentage of pupils achieving Level 4 or above in reading, writing and maths.

NOTE: A number of primary schools have become academies since taking this year's National Curriculum tests. In these cases the schools are listed twice - once under their old name, with their tests results, and once under the new name, with no results listed and n/a given instead. New primary free schools that do not yet have test results will also show n/a.
