## How to use this booklet

The areas affected by road closures and parking restrictions have been divided into 4 zones. Please look at the map below and select which zone you live in.

Some areas have special arrangements for residents, these will be detailed within your zone pages. The zone pages are specified at the bottom of page 2. Here you can find the latest time for any road closure and parking restrictions. Also full details about road closure and parking restriction in your zone.

If you live near a zone boundary, please check both zones that affect you.

Road Closures means that you will not be able to access and drive on the road stated. Parking Restrictions means that you will not be able to park on the road stated. It does not necessarily mean that the road will be closed. Please note that some parking restrictions will start on Saturday 5th October.
